FIREARMS TRAINING & SELF-DEFENSE

TACTICAL U Firearms Training and Self Defense Academy teaches you how to keep your family safe and win a lethal encounter!

If you knew you were going to be involved in a gun fight, would you go into it unprepared? Of course you wouldn't. You would seek out the techniques and learn them. You would then practice, just like an athlete going into the big game. Except this is not a game, this is life or death.

TACTICAL U HANDGUN WORKSHOP

(4 Hour Range Day) Cost \$150

Learn how to run and gun like a pro. This course is offered exclusively for pistol enthusiasts who want to take their firearms training to the next level. Tired of shooting from behind the line? Tired of standing still shooting at stationary targets? Here is your opportunity to get out in front of the line and run through dynamic courses of fire taught hands on by current and retired Certified Law Enforcement SWAT & Firearms Instructors.

This exclusive 4 hour course teaches the fundamentals of marksmanship, malfunctions, instinctive point shooting, drawing from a holster on the move, movement and positional shooting in the open and from barricades, load and reload drills, decision making while working under pressure and weak hand shooting.
